

T3 Webinar

RWIS

Scope of Work

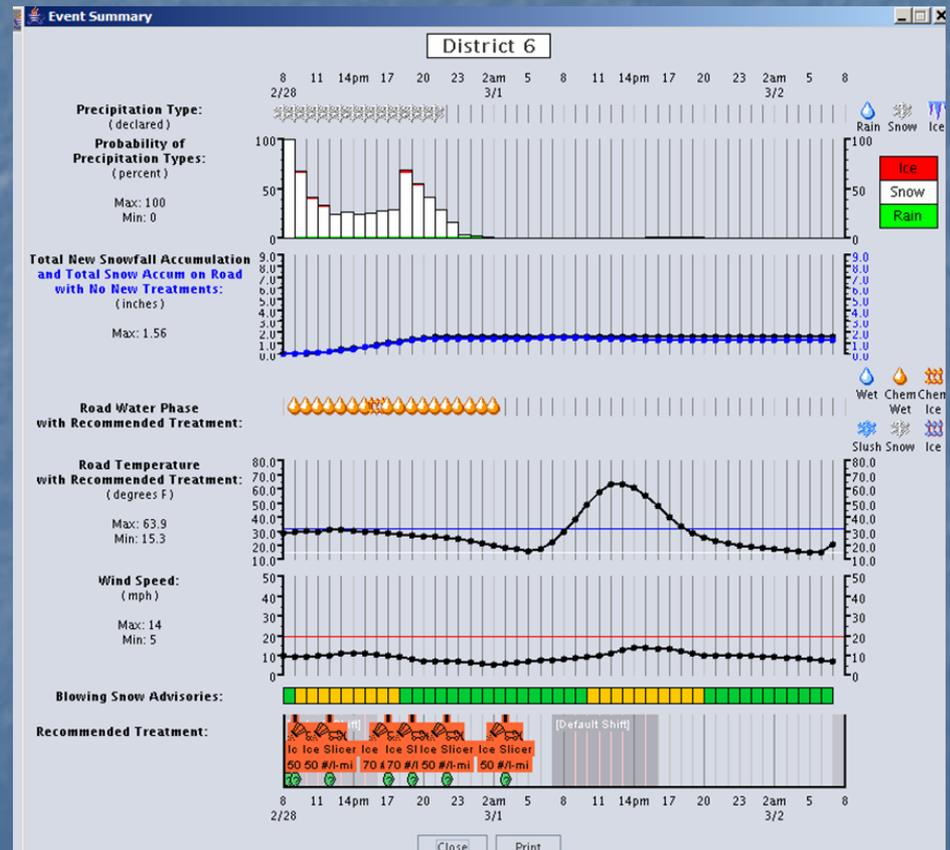

Dave Van Stensel, P.E.

Michigan Department of Transportation

T3 Webinars are brought to you by the ITS Professional Capacity Building Program (ITS PCB) at the U.S. Department of Transportation's (USDOT) ITS Joint Program Office, Research and Innovative Technology Administration (RITA)

Research

- RWIS/ESS Siting Guidelines Version 2.0
- Maintenance Decision Support System (FHWA)
- Other Agencies

Synthesize

- Understand what an RWIS and ESS is
- Learn how other agencies have used RWIS and ESS
- Take your knowledge and use it to incorporate RWIS into your agency.

Assessing Needs

- Engage Internal Stakeholders

- Maintenance

- How can RWIS make it more effective?

- Will this change how we do business?

- If RWIS won't change the way you do business, it's a liability.
- If you can visualize how this will change your business then you have a great topic of discussion when you engage your external stakeholders.

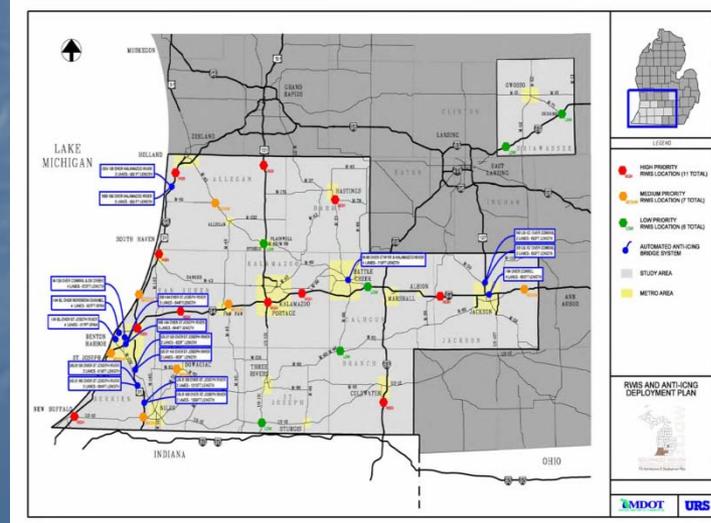

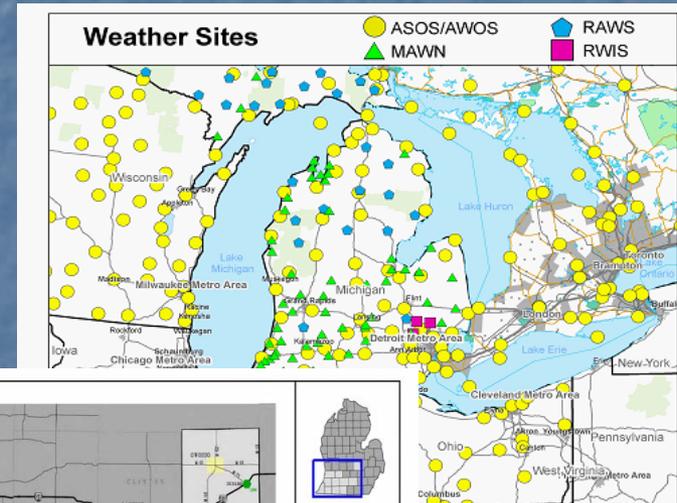

- Staffing

- Head count
- Funding sources for future operations
- What portions of the system will be vendor operated

Integration

- How are we going to build our system?
- Are we going to use existing data sources in our system?
